

STERILIZATION SUNDRIES

We are also able to offer a range of sterilization consumables to help you rationalize your key suppliers.

PRODUCT DESCRIPTION

AUTOCLAVE TAPE

We have a selection of Albert Browne autoclave tapes available. The easily recognizable stripes change colour when exposed to the specific sterilant, verifying exposure to the process without the need to open packs or check records

SEAL CHECK™ VALIDATION DEVICE

Seal Check™ is a unique product that provides a permanent record of the sealing efficiency of heat seal machines. This cost effective daily record is used to demonstrate that regular performance testing is undertaken in accordance with quality procedures.

BOWIE & DICK TEST PACK

Azo™ Bowie & Dick type Test Pack overcomes a number of indicator related problems. The non-toxic ink technology, based on 6 components, allows for a more accurate and to the point response on the indicator sheet. Emulating indicators are also available which allow the detection of problems in packing or loading and comply with ISO 11140-1 (class 6) and EN 867-1.

MULTI POUCH

Ideal for the protection of multiple instruments inside a tray or pack. This product is manufactured from 60gsm medical grade paper which is bonded to a dual bonded lilac tinted PET/PP film.

Contact your dedicated Vernacare representative to organize a trial.
